Taipei, Taiwan

PERSONAL SUMMARY

Associate at Asia's first cell & gene therapy accelerator, advising early-stage biotech founders on fundraising, Taiwan soft-landing, and international corporate partnership building. Developed investor and corporate partnerships for 50+ biotech startups, helping several secure seed funding and expand internationally. Actively engaged with startups and investment groups across APAC, with a focus on biotechnology and technology.

Open to roles in venture capital or consulting where I can apply hands-on experience in startup building, APAC fundraising, and market entry strategy.

PROFESSIONAL EXPERIENCE

CELLTECH ACCELERATOR

08/2023-Present

Associate

Taipei, Taiwan

- Joined as **the first hire**, playing a key role in establishing core processes and shaping company culture.
- Worked with biotech startup founders to provide strategic direction and connect them with networks and financial resources across the APAC region.
- Led the discovery and evaluation of 200+ early-stage and growth-stage biotech startups, ensuring thorough due diligence and identifying high-potential opportunities.
- Prepared investment reports and pitch books for cross-border deal opportunities, tailored to the buy-side.
- Represented portfolio startups in investor meetings, pitching their technology and business plans to VCs and corporate partners.
- Developed go-to-market strategies for international startups seeking early-stage funding.
- Organized and managed 10+ pitch events, conferences, and symposiums in Taiwan and Japan.

ACADEMIA SINICA
